

An established venture in cider down on Deeside, Flintshire, by father & son Richard and Scott Johnson.

Richards Dry, now at 6.4% is dry and delicious! We supped the vintage edition and are now on last years blend.

Oh yes, the cider got it's name from Scott's father Richard (if you haven't guessed already).

Taste Notes: Made from a blend of Welsh cider apples. A lovely hazy straw, easy drinking dry cider with a nice dry finish.
